Membership in central CT's most active chamber is the difference between "just being" in the community and being *an integral piece of the fabric of our community*. The 500 businesses and organizations that are *members* of the Midstate Chamber of Commerce have *chosen to set themselves apart from other businesses*.

Membership in the Midstate Chamber provides valuable connections for our members, helping to improve business and support the growth of our communities.

Our members are credible, reputable businesses that describe their chamber membership as *the most important connection they can have with their community; the best investment for their business*.

A MESSAGE TO OUR READERS

Greetings and THANK YOU for picking up this publication. We are delighted to share with you our 2022 Edition of **InSight Magazine** – known as “The Chamber Book”! This publication is created to highlight the valued members of the Midstate Chamber of Commerce and the central Connecticut community. It is also known as THE RESOURCE for business people, residents and visitors. You can also find this stellar resource guide at www.thechamberbook.com.

Madam C.J. Walker, entrepreneur and first female self-made millionaire in the United States said, “I had to make my own living and my own opportunity! But I made it! Don’t sit down and wait for the opportunities to come. Get up and make them!”

That’s part of what the Midstate Chamber does! We call it The 3 C’s: We CONVENE and provide forum(s) for entrepreneurs, small business owners, and larger business representatives to CONNECT with each other which often leads to valuable COLLABORATIONS that create positive change in our communities.

The Midstate Chamber of Commerce represents close to 500 area businesses and organizations - these are our valued members and the reason we exist. Often we work quietly behind the scenes with one-on-one meetings. Other times we act more in the public arena with public policy statements like our Annual Legislative Action Agenda. We are involved in and work on the concerns that affect all businesses like housing, healthcare, taxes, legislative issues, cradle to career education, transportation and workforce development. These are all regional initiatives that are important to the business community and that is the reason why we actively participate with partners within and well beyond our own municipal borders, like the formation of the *Nutmeg State Chamber Alliance* (see page 10).

We offer many special events and programs to connect our members to each other and keep them informed, but our work does not stop there. We have seen many changes over the past few years but be assured that we are still in this TOGETHER and we intend to be here for another 126 years - at least!

We have seen an increase in new businesses opening in the region and we have, and will continue to assist these entrepreneurs with educational programming, access to grants and resources and connections that help them on the path of business success.

Ralph Mesite, Mesite Family Partnership and Chairman of our Midstate Chamber Board of Directors with Rosanne P. Ford, President of the Midstate Chamber of Commerce at the Chamber’s 126th Annual Meeting, Dinner, Awards and Silent Auction at the Aqua Turf Club in April 2022.

That’s part of what the Midstate Chamber does! We call it The 3 C’s: We CONVENE and provide forum(s) for entrepreneurs, small business owners, and larger business representatives to CONNECT with each other which often leads to valuable COLLABORATIONS that create positive change in our communities.

The Midstate Chamber prides itself in its diverse membership and program of work - reflective of our communities and member businesses. We’re also known to be a very open and friendly organization that is *always welcoming* area businesses to become a member of our organization.

If you share in this enthusiasm and you want to be involved in the next 126 years of growing our local economy and supporting local business, feel free to contact the Chamber today and we’ll get you connected!

On behalf of our Staff and Board of Directors, we thank you for your partnership and we look forward to working with you to continue to make our region the best place to live, work, play and learn.

# NUTMEG STATE CHAMBER ALLIANCE

In 2019, The Midstate Chamber of Commerce and Hamden Regional Chamber of Commerce created the Nutmeg State Chamber Alliance - the first of its kind in Connecticut. This partnership is *not a merger* but a concerted effort to best support individual chamber members on both a local and a regional basis. With combined membership of over 900, this allows us to have a greater impact both on the business climate within the state and with elected officials on the local, state, and federal levels.

This unique model retains the local chamber's Boards, Presidents and Staff while establishing a new Alliance Board made up of representatives from both organizations. The model also creates an opportunity to best support our member businesses - of all sizes.

Highlights include: continued focus on local activities and businesses; more opportunities to connect (individuals and businesses); greater outreach to more markets; many combined events, activities, committees; increased advocacy and influence; more in person interaction to grow our businesses; larger geographic region in which to work. Currently over 200 members have a "dual membership" and are taking advantage of all that "the alliance" has to offer!

Members enjoy reduced rates to join each chamber, allowing for even more exposure for their business! Learn more at [www.midstatechamber.com](http://www.midstatechamber.com).

## STUDENT EDUCATION AWARDS

The Sanford S. Shorr Education Awards historically had been given to students that are Meriden residents who are graduating high school as well as students returning to college. These awards are in honor of Sanford S. Shorr, who served as Executive Vice President of The Midstate Chamber of Commerce for 29 years. The award winners exemplify the high values, outstanding character, and dedication to community service that have, and continue to, epitomize the life of Sanford S. Shorr. Proceeds from the Chamber's Annual Golf Tournament support these Education Awards.

In 2006 we added an additional award from the Chamber's HOLA (Hispanic Outreach Leaders In Action) Committee that was formed in October 2005. Applicants must be Hispanic students graduating from high school or returning to college. Proceeds for this award are generated through fundraisers by the (Hispanic Outreach Leaders In Action) Committee.

In 2007 the Chamber's Young Business Leaders of Connecticut were born. YBLCT members are engaged in community life, are interested in expanding professional and social opportunities and serve as ambassadors for the greater Meriden area. The group created the Dan M. In 2015, Bruce H. Kannenberg & Jonal Laboratories, Inc. Education Award was added. This 4 year award for \$1,000 per year is for a Meriden resident graduating from a Meriden Public School who will be pursuing a degree in STEM (Science, Technology, Engineering, Math) or Business.

# ABOUT THE REGION

**M**eriden is a thriving, diverse and growing community with a population of approximately 62,000 and has an area of 24 square miles. Meriden is *17 miles from Hartford, 18 miles from New Haven, 90 miles from New York and 120 miles from Boston*. Meriden is at the crossroads of routes 91, 15, 5 and I-691. The new *Hartford Line* rail service provides 17 trains / day between New Haven and Hartford, and 12 of those trains continuing to Springfield. The Hartford Line quickly and easily connects you to New Haven Line service to New York City, Amtrak Northeast Corridor rail services, and Shore Line East service, as well as CTfastrak bus rapid transit service in the Hartford/New Britain area. **Meriden, Wallingford and Berlin** all have new train stations to service commuters and visitors!

The Record-Journal is the local daily newspaper. Other regional papers include the Hartford Courant and New Haven Register. Meriden is home to WMMW (AM) and is the city of license for WKSS-FM. CT Public Radio, WNPR – FM90.5, broadcasts from West Peak in Meriden.

The civic vitality in the city is reflected in its various clubs, neighborhood associations, organizations and houses of worship. Countless opportunities exist for community service, worship, education, recreation and enjoyment. The support of these groups is critical, since much of their work and fundraising is directed back into the area.

Central Connecticut offers a wide variety of accommodations, from affordable rents, to reasonably priced condos to elegant homes in desirable, growing communities in which to start a new business or raise a family.

**Wallingford** is located just south of Meriden and is home to over 44,000 residents and covers an area of 39.8 square miles. Situated in the Hartford-New Haven corridor, Wallingford is traversed by U.S. Highway Route 5, Interstate 91, State Highways Route 15 (Wilbur Cross Parkway), Route 68, Route 71 and Route 150.

**Berlin**, Connecticut, the home of “The Yankee Peddler”, is located at the geographic center of the state. It has a population of around 20,000 within its 26 square miles. Meriden and Berlin share the “hanging hills” which provide for excellent hiking.

## ABOUT MERIDEN, CT

The town of Meriden was founded in May 1806 and became a City in June 1867. Meriden was originally part of Wallingford. In 1727 it was granted a separate meetinghouse, named for the town of Meriden, West Midlands, England. Myth has it that it was named after the Merry Den Tavern that was located near present day Route 5. The oldest house still standing is the Solomon Goffe house built in 1711. In the 1800's Meriden earned the nickname "Silver City" due to the large number of cutlery and related products which were manufactured here by several companies including International Silver and Meriden Cutlery.

## ABOUT BERLIN, CT

In 1659, Sergeant Richard Beckley purchased 300 acres from the Mat-tabasset Indians to become the first settler in what was to become Berlin. Other families followed from Farmington in 1686 to begin the first settlement on Christian Lane. In 1785 the Town was incorporated and was renamed Berlin (was known as Kensington on the west side and Worthington on the east side. New Britain was part of Berlin until 1850). In the middle of the 18th century, emigrants from Ireland set up the first winware business pedaling their wares from house to house. Therefore Berlin became the birth place of "The Yankee Peddler". In 1886, the State Legislature granted a charter for what became the Berlin Fair which is still held annually on the first weekend in October. The Town council-Town Manager form of government was instituted with a charter revision in 1995-96. **For more Berlin, CT history, visit:** [www.town.berlin.ct.us/category/subcategory.php?categoryid=14](http://www.town.berlin.ct.us/category/subcategory.php?categoryid=14)

This facility serves the needs of local business persons as well as the recreational flyers.

Opened in 2016, the *award winning Meriden Green* is a 14-acre flood control/park and economic development project located in the heart of downtown Meriden. The Meriden Green, formerly known as the “Hub” site, includes several key features including a public park with gathering places and links to the regional greenway system, pedestrian links to the new transit center, and an amphitheater and great lawn area for public events. The site is designed to detain floodwaters during major storm events and also includes 3 acres for private development located above the 100 year floodplain.

## REAL COMMUNITIES

**R**EAL is an acronym for *Recreation, Entertainment, Arts, and Leisure*. REAL illustrates the quality of life in our central Connecticut communities, reinforcing the fact that it is a great place to live, a terrific place to play and a wonderful place to raise a family. You can use this Membership Directory and Community Guide or visit the Chamber web site for the current listing of the Chamber members that are here to partner with our residents and visitors to help you make memories to last a lifetime!

**PARKS & RECREATION...**Meriden's outstanding system of parks and open space is one of the finest in the entire state. With over 3,000 acres of park land, the total percentage of Meriden's land devoted to parks is 17.6%, and no other city in New England can match that! The city's scenic location offers infinite opportunities to enjoy the beauties of the outdoors. East Peak/West Peak, the mountain on which Castle Craig is situated, is the highest elevation within 25 miles of the coastline from Cadillac Mountain in Maine to Florida. Castle Craig rises 1,002 feet above sea level and offers a spectacular view of the area, and on a clear day, even the Sleeping Giant Mountain range to the south, along with New Haven, Long Island Sound and the edge of Long Island may be seen. The Castle Craig Tower atop the peak is a regional landmark and is the silhouette in The Midstate Chamber of Commerce Logo. Castle Craig is located inside Hubbard Park.

Hubbard Park, built with consultants from John Olmstead, the step son of Frederick Law Olmstead, who designed Central Park in New York City, is one of the loveliest in New England. The park covers 1,800 acres and offers skating in the winter on Mirror Lake, tennis courts, a pavilion, swings and playground equipment for children, hiking, Bandshell, swimming pool, outdoor education and picnic facilities. Hubbard Park is the scene of wonderful seasonal activities, including the Daffodil Festival in

April, when 600,000 daffodils display their spectacular beauty. This event draws visitors from throughout New England and beyond. Several events are scheduled year round in the park - even in December, when, during the Festival of Lights, the park is aglow with thousands of lights fashioned into fantastic sculptures. Outdoor music concerts at the James J. Barry Bandshell are often presented free of charge and offer a variety of music to suit every taste.

Meriden also offers 15 public parks and 15 playgrounds, picnic grounds with fireplaces, a Municipal golf course, 10 tennis courts, 30 ball fields, 9 basketball courts, 1 public swimming pool, and 2 stadiums. Falcon Field received a \$4 million reconstruction, with artificial turf making it a state of the art facility for football, soccer and more. The Quinnipiac River Linear Walking Trail is a spectacular place to walk starting at Red Bridge and ending near the Meriden/Cheshire town line; phase II was completed in 2013 with another 1.2 miles extending behind Wilcox and Platt High Schools.

## REAL COMMUNITIES (CONT.)

### ARTS, CULTURE & ENTERTAINMENT...

Meriden is a community with a wealth of cultural opportunities.

The Castle Craig Theatre, home of Castle Craig Players, located in downtown Meriden, is a popular center for the arts offering performance year-round. Our communities' schools and youth agencies, including the YMCAs, Spanish Community of Wallingford, Boys and Girls Clubs, Women and Families Center, Girls Inc. of Central Connecticut, offer educational, recreational, training and performance opportunities as well as after school and summer programs.

The Augusta Curtis Cultural Center is a rare jewel of a building. Originally Meriden's library, this over 100+ year-old marble, Greek-revival building offers three floors of gracious space that magically turns into performance, exhibit and special event space throughout the year.

The Public Libraries offer year-round exhibits of local interest, historical interest and of course, literary interest.

Meriden also offers an ample selection of support services for the Arts & Culture, including Gallery 53 - Arts & Crafts Association of Meriden that offers art shows, receptions, classes and a whole lot more. Historical homes are a highlight including the 1711 Solomon Goffe House, the Andrews Homestead, and the Meriden Historical Society.

**SHOPPING...** Whether you are a casual shopper, or a connoisseur with extraordinary interests, you will be delighted with the variety of retail stores. Meriden Mall is the regional shopping mall with more than 150 boutiques, jewelers, and other specialty stores. Route 5 and 15 is our main retail boulevard that is the "main drag" in Wallingford, continues with retail through Meriden and becomes the Berlin Turnpike in Berlin. Numerous other sites from local malls to Wallingford Center complete the diverse suite of offerings. Specialty markets like Noack's Meat Products and V. Czapiga & Son offer the best in local specialties. All chocolate lovers know of the superior quality and selection at Thompson Chocolate.
